MODEL SB250 REMOTE DISPLAY

The SB250 employs many of the same features as the SB500, but in a slightly smaller package. These remote displays feature 2.6-inch-high digits consisting of nine 5 x 7 alphanumeric characters for readouts of upper and lower case letter messages. Cardinal's own *Smart Configuration* software allows custom formats. The integral rain hood provides extra protection and greater visibility during inclement weather. The SB250 features ten levels of display intensity which adjust automatically via an ambient light sensor, ensuring readability both day and night.
