VWB

WIRELESS PORTABLE WEIGHBEAMS

MILD STEEL OR STAINLESS PORTABLE WIRELESS WEIGHING SCALES

Wireless, space saving and highly portable scales for accurate and reliable weighing without the need for permanent installations and with no risk of cable damage.
VWB weighbeams provide wireless pallet and parcel weighing making them ideal for busy logistics, factories, warehouses and many other applications.
No more costly damaged cables! Using the latest wireless technology, the weighbeams can work with smartphones, tablets or PCs from up to 500m away. The VWBL beams come with convenient carry handles allowing them to be carried to the weighing location and stored out of the way when not in use. 2 year manufacturer's warranty, OIML approved loadcells and a sealed IP67 junction box, ensures accurate and reliable weighing in the harshest of environments.

QUALITY UK MANUFACTURING FOR OVER 25 YEARS

- Built to Last - 12 month manufacturer's warranty
- **Wireless - no more damaged cables**
- Weight display on phone, tablet or PC
- Transmission Range: up to 100m
- Highly Portable models with Lifting Handles
- Stainless or Mild Steel Construction
- IP67 or IP69K stainless steel OIML loadcells
- Various standard sizes and capacities
- Custom sizes and capacities available

CLASS III VERIFIED

Our ISO 9001:2015 registration includes our quality system approval for Self Verification, allowing us to test and certify wired scales for trade use here at our factory. All wired VW products use OIML approved loadcells and are designed for Class III approval.

CUSTOMER SUPPORT

We provide the highest level of before and after sales and service support. Our technical staff are highly experienced and knowledgeable in all aspects of the weighing industry and are ready to provide support and advice on any of our products.

QUALITY

Our ISO 9001:2015 registration ensures that all of our platforms are manufactured to strict quality standards and are fully QA tested and calibrated by our highly trained engineers.

EXPERIENCE

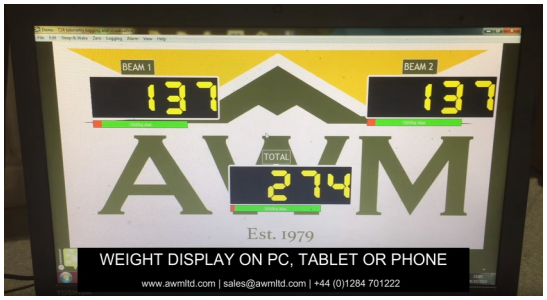
The quality and reliability of the VW range of industrial weighing scales is the result of over 25 years of design and manufacturing experience.

RELIABILITY

The VW range is built to last. We use quality components and will not compromise on material and build quality. All of our loadcells are OIML approved and all platforms can be Class III verified as required.

MODEL	CONSTRUCTION	CONNECTION	DIMENSIONS*
VWBL 	Mild Steel Portable Low Profile 2 Lifting Handles	Wireless	Length: 1200mm Width: 110mm Height: 75mm
VWBLS	Stainless Steel Portable Low Profile 2 Lifting Handles	Wireless	Length: 1200mm Width: 110mm Height: 75mm

*Other custom dimensions available on request



WEIGHBEAM SPECIFICATIONS

CAPACITY OPTIONS	100KG, 150KG, 300kg, 600kg, 1000kg, 1500kg, 2000kg, 3000kg, 5000kg, 6000kg (Higher capacity and other capacity options available on request)
LOADCELLS	**VWBLS**: 4 off Flintec SB14 OIML **IP69K** stainless steel loadcells **VWBL**: 4 off Flintec SLB OIML **IP67** stainless steel loadcells

WIRELESS RADIO SPECIFICATIONS

DISPLAY	PC or Handheld Terminal
LICENSE	License exempt
MODULATION METHOD	MS (QPSK)
FREQUENCY	2.4 - 2.4835 GHz
POWER	10 mw
RANGE	Up to 100m
BATTERY	2 x AA Batteries – up to 1 year life
ENCLOSURE	Positions inside weighbeams. IP67 rated
RATE	Up to 200 updates per second
CONNECTION	USB Dongle to PC

BLUETOOTH SPECIFICATIONS

DISPLAY	Smartphone or Tablet
LICENSE	License exempt
MODULATION METHOD	MS (QPSK)
