VWHDS

HIGH CAPACITY
STAINLESS STEEL
HEAVY DUTY - BUILT TO LAST

QUALITY UK MANUFACTURING FOR OVER 25 YEARS

- 2 year manufacturer's warranty
- UK made to the highest quality standards
- Extra heavy duty design - built to last
- Glass Bead Blasted for a Premium Finish
- IP69 stainless steel OIML approved loadcells
- Free standing, pit mounted or with up to 4 ramps
- Fully customisable - size, capacity, frames etc...
- Large Selection of standard sizes and capacities
- ATEX Approved option

The UK made VWHDS stainless steel high capacity platform scales are renowned for their impressive design and premium build quality and are one of the strongest, toughest and most durable platform scales available. Trusted by weighing professionals for over 25 years, all models feature OIML approved IP67 or IP69 waterproof stainless loadcells and come in capacities ranging from 5,000kg to 15,000kg (higher capacities available on request). Quality components and professional manufacturing guarantee accurate and reliable weighing performance in the harshest of environments. The VWHDS range is backed by a 2 year warranty and is designed and built to order in the UK. Every model can be customised to meet specific project requirements including custom dimensions, extra high capacities, ATEX environments, frames, ramps or in-ground pit mounting. We don't compromise - VWHDS is built to last.

CLASS III VERIFIED

Our ISO 9001:2015 registration includes our quality system approval for Self Verification, allowing us to test and certify scales for trade use here at our factory. All VW platforms use OIML approved loadcells and are designed for Class III approval.

CUSTOMER SUPPORT

We provide the highest level of before and after sales and service support. Our technical staff are highly experienced and knowledgeable in all aspects of the weighing industry and are ready to provide support and advice on any of our products.

QUALITY

Our ISO 9001:2015 registration ensures that all of our platforms are manufactured to strict quality standards and are fully QA tested and calibrated by our highly trained engineers.

EXPERIENCE

The quality and reliability of the VW range of industrial weighing scales is the result of over 25 years of design and manufacturing experience.

RELIABILITY

The VW range is built to last. We use quality components and will not compromise on material and build quality. All of our loadcells are OIML approved and all platforms can be Class III verified as required.
